[ABOUT ME](#) | [PORTFOLIO LINK](#) • prismatic-meerkat-cc0206.netlify.app

- Software Engineer with more than 3 years of experience, specializing in full-stack web application development and cloud-native 5G solutions.
- Proficient in building modern web applications using Java, Spring Boot, Angular, React and TypeScript, with a focus on creating intuitive UI/UX, scalable backend services, and end-to-end delivery in close collaboration with customers.

EDUCATION

Bachelor's degree in Computer Science

10/2019. - 09/2022.

Faculty of Electrical Engineering, Mechanical Engineering and Naval Architecture

Achieved graduation with esteemed recognition from the dean as the top-performing student in my major

WORK EXPERIENCE

Full-stack web application | Ericsson Nikola Tesla

01/2025. - CURRENT

- Currently working as one of two core developers on a government-facing web application for the Ministry of Agriculture, contributing to architecture, design, and delivery.
- Designed and implemented responsive UIs with Angular and TypeScript, ensuring strong UX and accessibility.
- Built and maintained Spring Boot backend services to support scalable and secure data workflows.
- Collaborated directly with customers in requirements meetings to align features with business needs.

Cloud Core Data-Storage Manager | Ericsson Nikola Tesla

09/2022. - 12/2024.

- Designed and developed a custom testing framework for Kubernetes-based deployments, increasing reliability and automation coverage.
- Built and integrated containerized microservices within a 5G Service-Based Architecture using Java and Spring Boot.
- Integrated distributed components such as Apache Kafka and Zookeeper to support data flow and coordination.
- Contributed across the lifecycle, from feature design to implementation.

SKILLS

- Java & Spring Boot
- HTML5, CSS, SCSS
- React & Angular
- Docker, Kubernetes, Helm, Linux
- PostgreSQL, Key-value DB
- Git & JIRA

LANGUAGES

- Croatian, native or bilingual proficiency
- English, full professional proficiency

INTERESTS

- Gaming, reading, movies, board games, football
